**A SHORT HISTORY OF THE SOUTH COAST AND MOJAVE DESERT (FORMERLY SOUTHEAST DESERT) AIR BASINS RELATIVE TO THE
SIP
(Specific to the MDAQMD)**

In the late 1950's Southern California was covered by several countywide air districts. These were Los Angeles County APCD, Orange County APCD, Riverside County APCD, and San Bernardino County APCD. Some or all of these countywide entities made SIP submissions. The first sets of these submissions are included in the general submission of "existing rules" on 02/21/72. The rules from this time period generally have two digits.

In 1975 (7/16/75) the Boards of Supervisors of Los Angeles, Orange, Riverside and San Bernardino Counties entered into a Joint Powers Agreement (San Bernardino County Agreement 75-449) which created the Southern California APCD. By the terms of the agreement the Southern California APCD acquired each county's rule book as the rules for that constituent county until they were changed. Over the next two years the Southern California APCD rescinded many of the old two digit rules and replaced them with three digit rules which applied in all areas. Many of these three digit rules were submitted as SIP submissions.

In 1976 the California legislature passed legislation which created the South Coast AQMD (Cal. Stats 1976, CH 324, pg. 815). This legislation was effective, by its terms, on Feb. 1, 1977. The legislation only covered the area included within the South Coast Air Basin (SCAB). Outlying areas were not considered. The legislation also provided that the South Coast APCD was to take over the function and responsibilities of the Southern California APCD.

On Feb. 1, 1977 the California Air Resources Board (CARB) issued Executive Order G-73 which adopted a rule book for the outlying areas of the Southern California APCD which were not included within the new South Coast APCD. This rulebook was submitted as a SIP submission on June 6, 1977.

By its terms, Executive Order G-73 was only effective until other action was taken by the non-South Coast Air Basin areas. Such action occurred on Feb. 22, 1977 when the Joint Powers Authority was dissolved (San Bernardino County Agreement 77-102). By the terms of the termination agreement each area retained the Southern California APCD rule book in effect on that date as its own rule book.

Meanwhile, the California legislature enacted legislation that allowed non-South Coast Air Basin areas in Los Angeles, Riverside and San Bernardino Counties to "opt in" to the South Coast APCD (Cal. Stats. 1977 Ch. 1195, pg 4005). This legislation was effective in 1978 and Los Angeles and Riverside Counties opted in while San Bernardino County did not. However, the actual air pollution control work in San Bernardino County was done by South Coast AQMD via contract. Thus, the rules and SIP submissions for San Bernardino County between 1977 and 1980 were often prepared by South Coast AQMD staff.

In or about 1980 San Bernardino County APCD became a County division and began doing its own rule and plan development. By 1990 it had become a full fledged county department that was fully self sufficient. In July of 1993, pursuant to legislative action, the San Bernardino County APCD became the Mojave Desert AQMD. In July of 1994, the Mojave Desert AQMD acquired the Palo Verde Valley/Blythe portion of Riverside County as part of its jurisdiction.

For Federal planning purposes a portion of the jurisdiction of the MDAQMD is located within the Southeast Desert Modified Air Quality Maintenance Area (Southeast Desert AQMA). Until recently the Southeast Desert AQMA covered the portions of the Southeast Desert Air Basin which were within the Los Angeles Metropolitan Statistical Area. In 1996 pursuant to the provisions of Health & Safety Code '39606.1 CARB divided the Southeast Desert Air Basin (SEDAB) into two new air basins the Mojave Desert Air Basin (MDAB, 17 Cal. Code Reg. '60109) and the Salton Sea Air Basin (SSAB, 17 Cal. Code Reg. '60114). Thus the Southeast Desert AQMA now covers portions of two air basins, the MDAB and SSAB. For state planning purposes the MDAQMD is now located wholly within the MDAB.

The following agencies submitted SIP submissions for the indicated areas:
