

# COMMUNITY MEETING

The Mojave Desert Air Quality Management District (MDAQMD) invites you to attend this informational public meeting to learn more about air quality. This meeting will provide a summary of how two new laws will assist our efforts to address air pollution in our region.

- **Assembly Bill (AB) 134** provides funding to replace older heavy-duty vehicles, equipment and other diesel sources in our region with new, cleaner technologies.
- **Assembly Bill (AB) 617** is a new effort that will bring opportunities to collaborate with disadvantaged communities to improve air quality in areas that need it the most. The meeting will include a public comment, question and answer portion for the community.
