Asbestos Checklist

Use this checklist to determine if your project requires a **Notification of Demolition/Renovation** form and payment of a fee. If a Demolition/Renovation form is **NOT** required, then the applicant and permitting agency should both retain a copy this form to verify compliance with *Health & Safety Code §19827.5*.

Check **Yes** or **No** for each of the following:

1	Exempted Residence (residential buildings having four or fewer dwelling units)?	<input type="radio"/> Yes <input type="radio"/> No
2	Any renovation work that involves the removal or disturbing of at least 160 square feet and material contains more than 1% asbestos?	<input type="radio"/> Yes <input type="radio"/> No
3	A complete building demolition or a partial demolition which includes structural load bearing members?	<input type="radio"/> Yes <input type="radio"/> No
4	Demolition by intentional burning.	<input type="radio"/> Yes <input type="radio"/> No

• **"Yes" for 1:** Submit this Checklist/Questionnaire.

• **"No" for 1, 2, 3 and 4:** Submit this Checklist/Questionnaire and provide a description of the work to be completed: _____

• **"No" for 1 and "Yes" for 2, 3 and/or 4:** You **must** submit the Notification of Demolition/Renovation form or training burn documentation and pay applicable fees.

By signing this form I declare under penalty of perjury under the laws of the State of California that the provisions of this Checklist/Questionnaire are true and correct.
