

**NOTICE OF TITLE V PERMIT RENEWAL AND MINOR
MODIFICATION – PRELIMINARY DETERMINATION**

NOTICE IS HEREBY GIVEN THAT Calnev Pipe Line, LLC, located at 34277 Daggett-Yermo Road, Daggett, CA 92397, has applied for renewal and Minor Modification of their current Federal Operating Permit pursuant to the provisions of Mojave Desert Air Quality Management District (MDAQMD) Regulation XII. Applicant operates a bulk fuel terminal which receives gasoline and diesel fuel via pipeline from various petroleum refineries and operates bulk loading stations to transfer product into tanker trucks for distribution to various gasoline dispensing stations. Applicant proposes update of permit conditions to reflect this facility opting to utilize the provision to comply with the inspection requirements of 40 CFR Part 63, Subpart WW as a means of compliance with the requirements of 40 CFR Part 60, Subpart Kb as part of the Minor Modification.

REQUEST FOR COMMENTS: Interested persons are invited to submit written comments and/or other documents regarding the terms and conditions of the proposed renewal and Minor Modification of Calnev Pipe Line, LLC's Federal Operating Permit. If you submit written comments, you may also request a public hearing on the proposed issuance of the Federal Operating Permit. To be considered, comments, documents and requests for public hearing must be submitted no later than 5:00 P.M. on Monday, July 15, 2024 to the MDAQMD, Attention: Samantha Lopez at the address listed below.

PETITION FOR REVIEW: Federal Operating Permits are also subject to review and approval by the United States Environmental Protection Agency (USEPA). If EPA has not objected to the proposed title V permit during its 45-day review period, the public may petition EPA to object to the proposed Title V permit within 60 days of expiration of EPA's review period. Any such petition must be based on objections that were raised with reasonable specificity during the public comment period unless the petitioner demonstrates either that it was impracticable to raise such objections within the comment period or that the grounds for the objection arose after the comment period. The petitioner shall provide a copy of such petition to the permitting authority and the applicant/permittee. EPA's website contains more information on petitions, including instructions for submitting a petition and the required content of petitions:
