### Agenda Item 12 – Executive Director Reports:

#### **Miscellaneous:**

- August 31<sup>st</sup> is the last day of session. Amendment deadline was Friday if there are to be any proposed changes to the live bills (this is in order to get it in print 72 hours prior to votes as required by law). It is anticipated the Governor will be vetoing a lot of fiscal component bills due to the State’s deficit and current fiscal outlook. Hearing anything with a fiscal tag of over \$1M governor wants a veto letter ready.
- AB2561 (McKinner) is a labor groups sponsored bill. Sets requirements for public agencies when vacancy rates for Represented positions hits 20% which triggers a series of actions – such as – union could trigger ask for a Meet and Confer to happen within 30 days; also, a once a year hearing on level of vacancies and what retention efforts was undertaken throughout the year. We already do something like this in our annual budget.
- AB2958 – CARB Board Member compensation was held in committee so it is essentially dead.
- AB2522 – District Board compensation, slight amendments but is moving forward still and likely to get signed. Would allow air district board by resolution to raise the compensation from \$100 to \$200 if they so choose after Jan. 2025. MDAQMD is called out in the bill and we have submitted letter of support.
