

**NOTICE OF TITLE V RENEWAL/SIGNIFICANT MODIFICATION
AND NSR MODIFICATION – PRELIMINARY DECISION**

NOTICE IS HEREBY GIVEN THAT Unlimited Performance Products, located at 8770 Caliente Road, Hesperia, CA 92345 has applied for Preconstruction Review of a NSR Modification pursuant to the provisions of Mojave Desert Air Quality Management District (MDAQMD) Regulation XIII. The proposed action will be incorporated via a Significant Modification of their current Federal Operating Permit, pursuant to the provisions of Mojave Desert Air Quality Management District (MDAQMD) Regulation XII. In conjunction with this modification, UPP is also proposing renewal of their Federal Operating Permit 121902118. Applicant operates a facility engaged in reinforced plastic composites, manufacturing both aftermarket automotive parts and boat manufacturing.

This notice is published pursuant to District Rules 1207(A)(1) and 1302(C)(7)(b)(iii) and (d)(i)b. and in accordance with the provisions of District Rules 1207(A)A(1) (Federal Operating Permits) and 1302(D)(3)(a)(ii) (New Source Review). The proposed emissions change, relative to the operation of MDAQMD Permit No. P015080, for the Hazardous Air Pollutant (HAP) of styrene is in excess of the 8 tpy.

REQUEST FOR COMMENTS: Interested persons are invited to submit written comments and/or other documents regarding the terms and conditions of the proposed NSR action. If you submit written comments, you may also request a public hearing on the proposed issuance of the Federal Operating Permit. To be considered, comments, documents and requests for public hearing must be submitted no later than 5:00 P.M. on Saturday, December 21, 2024 to the MDAQMD, Attention: Kent Christensen at the address listed below.

PETITION FOR REVIEW: Federal Operating Permits are also subject to review and approval by the United States Environmental Protection Agency (USEPA). If EPA has not objected to the proposed title V permit during its 45-day review period, the public may petition EPA to object to the proposed Title V permit within 60 days of expiration of EPA's review period. Any such petition must be based on objections that were raised with reasonable specificity during the public comment period unless the petitioner demonstrates either that it was impracticable to raise such objections within the comment period or that the grounds for the objection arose after the comment period. The petitioner shall provide a copy of such petition to the permitting authority and the applicant/permittee. EPA's website contains more information on petitions, including instructions for submitting a petition and the required content of petitions:
