PUBLIC NOTICE

Pursuant to Health & Safety Code, Section 42301.6

To: The Parents or Guardians of the Students attending Victor Valley Christian School.

And, addresses located within 1,000 feet of 12870 Mariposa Road Victorville, CA 92395.

Dear Parent or Resident:

The Mojave Desert Air Quality Management District (MDAQMD) has received an application from KA Victorville, LLC for the following project:

CONSTRUCTION AND OPERATION OF A GASOLINE, DIESEL, AND E85 DISPENSING FACILITY, consisting of, 6-fueling dispensers, 2-E85 Nozzles, 12-Trippl Product Nozzles, 2-Diesel Nozzles, and 4-Underground Fuel Storage Tanks, that will contain 25,000 gallons of 87 unleaded gasoline, 15,000 gallons of 91 unleaded gasoline, 12,000 gallons of E85 gasoline/ethanol blend, and 10,000 gallons of Diesel fuel. Facility is proposed to be located at 12870 Mariposa Road Victorville, CA 92395; gasoline throughput will be limited to no more than 5 million gallons per year.

Since this project is located within 1000 feet of the outer school boundary of the Victor Valley Christian School, and the dispensing of gasoline results in toxic air contaminants, the California Health & Safety Code §42301.6 requires that you be given this notification and an opportunity to comment on the project before a permit to construct is issued.

The MDAQMD has determined that, as proposed, the installation will comply with all MDAQMD regulations. The MDAQMD's analysis of the proposal has been conducted and it is determined that the emissions from operation of this equipment will **not** pose a significant health risk to the school children or to the surrounding public.

Should you have any questions or comments about this project, please submit them in writing within 30 days of the date of this notice to the following:
