

**NOTICE OF TITLE V PERMIT SIGNIFICANT MODIFICATION –
PRELIMINARY DETERMINATION**

NOTICE IS HEREBY GIVEN THAT Northwest Pipe Company, located at 12351 Rancho Street, Adelanto, CA 92301 has applied for Significant Modification of their current Federal Operating Permit pursuant to the provisions of Mojave Desert Air Quality Management District (MDAQMD) Regulation XII. Applicant operates a facility engaged in steel pipe fabrication. The proposed action includes construction of a new plasma cutting system with emission controls, an Airwash Reclaim System for the ID Blaster, modified compliance indicator throughput parameters on the ID Blaster and Spray Booth, and equipment replacement for the Tape Wrap/Blast Cleaning process line. With proposed offsets, the proposed action will not result in an increase in emissions.

REQUEST FOR COMMENTS: Interested persons are invited to submit written comments and/or other documents regarding the terms and conditions of the proposed Significant Modification of the Northwest Pipe Company Federal Operating Permit. If you submit written comments, you may also request a public hearing on the proposed issuance of the Federal Operating Permit. To be considered, comments, documents and requests for public hearing must be submitted no later than 5:00 P.M. on June 7, 2023 to the MDAQMD, Attention: Kent Christensen at the address listed below.

PETITION FOR REVIEW: Federal Operating Permits are also subject to review and approval by the United States Environmental Protection Agency (USEPA). If EPA has not objected to the proposed title V permit during its 45-day review period, the public may petition EPA to object to the proposed Title V permit within 60 days of expiration of EPA's review period. Any such petition must be based on objections that were raised with reasonable specificity during the public comment period unless the petitioner demonstrates either that it was impracticable to raise such objections within the comment period or that the grounds for the objection arose after the comment period. The petitioner shall provide a copy of such petition to the permitting authority and the applicant/permittee. EPA's website contains more information on petitions, including instructions for submitting a petition and the required content of petitions: <https://www.epa.gov/title-v-operating-permits/title-v-petitions>

AVAILABILITY OF DOCUMENTS: The proposed Federal Operating Permit, as well as the application and other supporting documentation are available for review at the MDAQMD offices, 14306 Park Avenue, Victorville, CA 92392. In addition, these documents are available on the MDAQMD website and can be viewed at following link: <https://www.mdaqmd.ca.gov/permitting/public-notices-advisories/public-notices-permitting> Please contact Kent Christensen, Air Quality Engineer I, at the address herein, or via phone at (760) 245-1661, extension 5010, or via email at kchristensen@mdaqmd.ca.gov for additional questions pertaining to this action and/or corresponding documents.
